EXPERIENCE

Venture Copilot | [venturecopilot.app](#)

Product Design Intern

May 2023 - August 2023

- Collaborated directly with front & back end developers and founder to design AI interfaces for desktop and mobile.
- Established the company's branding guidelines, developed user personas, wireframes, branded email and interactive demos for user interviews.

Columbia Organization of Rising Entrepreneurs

Designer & Operating Committee Leader

October 2021 - PRESENT

- Re-designed logos for all of the initiatives of CORE, the CORE's logo, and currently revamping the entire website.

Year Visualized | [yearvisualized.com](#)

Frontend Developer

Jan 2022 - PRESENT

- Developed a fully functioning online minimalist analog clock with pure HTML, CSS, and JavaScript. Supports different time zones & both 12-hour (AM/PM) & 24-hour time formats.

Guerin New York | [guerinnewyork.com](#)

Founder & Designer

November 2017 - September 2021

- Designed logos, website, videos, and each of the products. Worked closely alongside several manufacturers to create handbags, duffels, apparel, and tested the quality of each product.
- Featured on Columbia Daily Spectator.

LN Huis | [PREVIEW](#)

Interior Design Intern

January 2022 - April 2022

- Rendered a 1-to-1 3D model of the LN Huis via TapGlance with full scale measurements of each floor. Used the render to coordinate with construction workers on the end design of the house.
